

Butler County Community College

Strategic Horizons Network

The higher education landscape is far more complex and challenging than ever before – and the rate of change continues to increase. SHN has helped BC3 identify new directions to better serve our communities and thrive in this dynamic new environment. Our new Strategic Plan will advance eight College Goals, and the influence of SHN is clear.

Student Success

Provide programs and services that enable diverse students to explore, clarify and achieve educational goals.

College Environment

Maintain a safe, secure, accessible and welcoming environment for students, faculty, staff and visitors at all BC3 sites and locations.

Learning

Foster active and lifelong learning through innovative and effective teaching strategies.

Employee Development

Offer professional and personal development options that support work performance and employee well-being.

Communication

Provide timely, transparent and relevant communication for internal and external audiences.

1965 Fiscal Stewardship

Ensure sound fiscal planning, innovative solutions and the pursuit of alternative resources.

Community Engagement

Strengthen community connections through economic/workforce development, public safety training, lifelong learning, and educational/cultural partnerships.

Continuous Improvement

Sustain regular evaluation and improvement of programs and services.
